All World Wars Are Orchestrated by Freemasons

March 27, 2026

During the opening phase of WW3, remember

Freemasons are on both sides of every conflict.

World wars are contrived and orchestrated to expand the power of

the satanist Jewish central bankers

and to demoralize and destroy humanity.

In August 1940, when Western Europe lay prostrate before

the Nazis, Admiral Canaris advised the Romanian Foreign Minister that Germany

would lose the war.

"*You will be crushed. Great Britain is always victorious," the Abwehr Chief told the Romanians.*

"Great Britain" of course is the Masonic Jewish central banking cartel.

The West has a Death wish. *(https://www.savethemales.ca/000768.html)* **Its fulfillment may be Trump's assignment.**

Trump is a Freemason and member of Chabad. Iran is also a Freemasonic state. (https://henrymakow.com/2025/11/iran-is-run-by-freemasons-like.html)

See also- Iran is an arm of Zionist Freemasonry (https://henrymakow.com/2025/07/july-7---iran-is-an-arm-of-zio.html) & Iran is also controlled by Satanists (https://www.henrymakow.com/young_iranian.html)

WW3 reprises WW2 pitting the Communists (the Allies, Russia, China, BRICS, Muslim Brotherhood, ie. Iran & radical Islam) against

the Fascists (Zionist USA, Argentina, Ukraine.) They are both controlled at the top by the Rothschilds but the war is "for keeps."

We choose sides but both sides are satanic. Iran has been given white hat role.

At the beginning og World War Three, it's worth asking if the Illuminati orchestrated World War Two, which saw the genocide of about 70 million human beings.

A detail in Prince Michel Sturdza's aptly titled *The Suicide of Europe* (1968) set off my alarm bells.

Sturdza was Romanian Foreign Minister from Sept.-Dec. 1940. He was a leader in the pro-Nazi, anti-Communist, nationalist Christian "Legionary" movement.

The Nazis like their Communist counterparts were opposed to *all* nationalist movements. They soon overthrew the Legionaries and put these patriots in concentration camps.

Before assuming his post in 1940, Sturdza was visiting Berlin. No one wanted to speak to him with the exception of Admiral Wilhelm Canaris, the wily chief of the Abwehr, German Army Intelligence.

Canaris had a request that both surprised and shocked Sturdza. He asked him to cooperate with Canaris' counterpart in Bucharest, a certain Moruzov who Sturdza suspected was a Communist agent.

Pressed on this, Canaris said Morozov was providing the "best information concerning Soviet Russia's military preparations."

Before leaving Berlin, Sturdza received a visit from Canaris' deputy, Captain Muller, "bearer once more of his chief's insistence, which left my wife and me perplexed."

"Captain Muller informed us that Great Britain had never been and would never be defeated. He added: "What I am about to tell you, coming from a Prussian officer, might perhaps be considered as an act of high treason. Pay attention, however. Don't under any circumstances take the responsibility as Minister of Foreign Affairs in your country, of pushing it into a war where you have Great Britain as an adversary. *You will be crushed. Great Britain is always victorious."*

This was a peculiar thing for a German Army Intelligence official to say especially since Germany appeared invincible in August 1940. It had just conquered France in June and sent the British packing.

Sturdza thought he was being tested and was non-committal. "I had not the faintest idea that I had been in contact with the greatest spy ring and traitors known to the military history of any country." (Page 162)

Indeed Canaris, who may have been of Greek-Jewish origin (http://www.kansaspress.ku.edu/righit.html) , sabotaged the Nazi war effort. Sturdza believes his spy ring was the main cause of the Nazi defeat. After a failed attempt to assassinate Hitler, its members were brutally murdered by the Gestapo.

Naturally, they are portrayed as courageous heroes (http://www.jewishvirtuallibrary.org/jsource/Holocaust/canaris.html) : principled humanists who resisted fascist tyranny. Yet, the statement, "You will be crushed. Great Britain is always victorious," suggests a different agenda, a larger design.

The headquarters of the Communist-Capitalist International (https://www.savethemales.ca/000275.html) is in the City of London. The Bank of England financed the Nazi war machine just as they financed the Bolshevik revolution. The bankers orchestrated World War Two to destroy the great nation-states of Europe and wipe out the cream of the new generation. For example, the Soviets slaughtered 15,000 Polish officers in the Katyn forest even though the Poles could have helped resist the Nazis onslaught.

Was Canaris Illuminati or an Illuminati dupe? Apparently, he wanted to overthrow Hitler and end the war early, but the Allies insisted on "unconditional surrender," i.e. maximum slaughter. No nationalist forces were to remain. The German army had no choice but to fight to the end.

I don't see the Second World War as "the good war." It was fabricated to concentrate wealth and power and to degrade and demoralize humanity. Both sides were guilty of unspeakable atrocities.

The two great wars and the potential third are designed to bring about Illuminati one-world dictatorship and mind control.

Mankind is in the grip of a multi-generational diabolical conspiracy and is too mesmerized by sex and money to realize it.

Your latest post about Wilhelm Canaris was really interesting while Finland was fighting the war on the same side as Germany against Russia. Our Finnish Army chief intelligence officer Aladar Paasonen met with Canaris in 1942 and was shared with the same opinion, Germany would lose the war. This might be the reason why Finland was not so actively participating the Germanys attack to Russia. Meaning the siege of St Petersburg and destroying the Murmansk St Petersburg railroad which was the lifeline to Russia feeding the allies military equipment and supplies to the front.

There is a wikipedia article about Aladar Paasonen. The finnsh version is more comprehensive and google translator will give this result on the sentence where this fact is mentioned

When Paasonen and Canaris met in Copenhagen in December 1942, the two men agreed that Germany would lose the war against the Soviet Union and the Western Allies.

I find this information very interesting, and some what scary. But I think alot of this could be true. 911 if you ask me is a hoax. The whole thing with binladen is a sham. The government and binladen I think are good friends. Another thing I find interesting is the whole identification card nonsense the government is imposing on us.

Thanks for giving the truth a place to exist. I am always austonded when I hear some of the many "Sheeple" just repeat whatever they see and hear in the so called "liberal Media". I have written to you before, and just wanted to THANK YOU again, With all the evidence available, including what people see with their own eyes, I just can't fathom how people can be so DEAF, DUMB, and BLIND. But, I do realize that is the number goal of this satanic cabal, and I thank you for helping me keep my sanity. I think SAVETHEHUMANS may be a better name for your website, anyway thanks again and humanity owes you much gratitude.

Dear Henry,

I think it's good that you post a feature from time to time to remind or educate readers that the real wars are planned in board rooms.

I grew up having the details explained to me, so I am often more amazed that most people don't believe that than I am by the fact of it. But I
know that the majority of people grew up being taught that the process that results in wars is similar to how car wrecks happen.

Whenever anyone writes on the subject of why and how war happens, I suggest always posting a link to US Marine General Smedley Butler's
famous 'War is a Racket' speech given between WWI and WWII.

Ah, but knowing a little about how the world really works doesn't seem to be enough to alter it. The worst part of knowing these realities is
that it brings with it the realization that there is no 'superman' (ie, America) to defeat the next 'evil'. Americana thinking has always been that 'Truth, Justice, and the American Way' would always be vigilantly watching to stop the 'next Hitler'.

This comfortable fantasy took root in the mindset of Americans due to WWII. 'The GOOD War'.

But it's a premise on a foundation of fallacies. Reagan/Bush and the
current Bush regimes (that same bunch of managers), have played this fantasy as their rhetoric for excusing their dismantling of every piece of time-honored American legislation which stands counter to totalitarianism.

Hello Dr. Makow,

I've been reading your Articles for several years now & find your work makes it easier for me to understand the whole picture of what's going on in the world & why. I've done some research myself on many of the same subjects you
speak of, but, you have a way of making things easier to understand for those of us who have spent the better part of our lives understanding only what we were told at school, by elders etc.

Yes, of course. They are just football games. The elite on one side get together a team and the elite on the other side get together their team and then they arrange a time and a date and then go at it. When it's over they are both richer and the surviving winners and losers on the teams are still puppets.

The planning may go back as far as the templars (or further) with the 'secrets' and plans being handed down from generation to generation through their various secret societies.

What about the 'settling' of 'the Americas'? A sailing ship in those days was the technological equivalent of the space shuttle. How could, and why would, a rag-tag bunch of 'adventurous' sailors get a-hold of three of the most expensive pieces of machinery available on the planet and sail off the end of the world just to 'start a new life'? If they were so down-trodden and poor how could they afford to do it? They were agents of the illuminati. And things have finally come to the point where they can launch the final plan - a thousand year Reich. (Problem is, they didn't count on global warming.)

Anyway, 'nuff said, what's the point?

Henry,

Your essay "Are World Wars Orchestrated," like so many of your writings, eloquently articulates what I think is happening in the world.

World War Two wasn't the war to make the world safe for democracy" but was a war against civilization, the New World Order destroying the old in the most savage fashion. The fire bombing of Dresden and other German cities, the nuking of Japan, both with no legitimate military purpose, was a warning to other nation states what awaits them if they resist globalization. You may disagree, but I think the Holocaust story is a gross exaggeration, designed to provide a a "greater evil" against Allied war crimes. I think Israel was created to provide the fly in the Mideast ointment and use Bible prophecy to subjugate the Islamic states.

I hope you, and others like you, can use the Internet as the means to overcome the massive propaganda machine of these miscreants.

Also for further articles concerning World Wars, go to www.threeworldwars.com. This website is brilliant. it goes into great detail on the conspiritorial nature of world history. All wars have been orchestrated by the Illuminati Families since the Medieval Age when the Blue Blood Royal Families of Europe and Britain really came into their own.

Unfortunately the global economic collapse, combined with mass civil unrest in the West will be compounded by the Illuminati formation of a Third World War that is rapidly unravelling now. Only the people of Earth can stop this madness.

In response to Makow’s question as to whether Britain’s World War II victory was predetermined and orchestrated, it was decided by a game of scissors, paper, stone.

Churchill did scissors. (The V sign)
Hitler did paper. (The Raised Palm)

The outcome of the third world war has also been decided.

The Zionists did stone! (Makes a fist)

Hello Mr Makow

I believe they could be. I believe WW3 is just around the corner. Or something big that is going to kill a lot of people. Either manmade or natural something is going to happen. And, the powers that be know it.

I have to ask, do you think if Kerry had won things would be different? I for one do not think it would have made any difference. I feel the powers that be have predetermined all our fates and there is not a damn thing we can do about it. The show is going to go their way. Period. Everything is just smoke and mirrors. The real truth will not be known until after the fact.

As you stated most of the population is either drunk or drugged what do they really care. Morals are out the window and a conscience (con-shunts) whats that!! Nobody cares whats right or wrong just as long as you don't get caught!!)

I have heard and read about this stuff on both the coasts and big cities but it is here in podunk rural Kansas. The nearest McDonalds is really 40 miles away!! The hate and discontent are even here. It's really sad. Kids raising themselves, parents don't care. DRINK and life is good and damn the consequences. Screw who ever you want, when you want if you're married or not. And the kids are all watching this and figure what the hell. What good are rules.

The future scares me Henry. What does life hold for my son? He is an outcast because we don't let him run wild like the other kids. He does not resent it but he would like to have more friends. But we do set rules and we have taught him to care for other people and he just ends up gettin hurt, which hurts me twice as bad. You would not believe what these parents buy their kids just to keep up with the crowd and stay out of their hair.

Keep up the good work.
Take Care
